

Corporate Support

Stills is the only dedicated centre for photography in Edinburgh, and one of only two nationally. Our space on Cockburn Street is a dynamic hub for photography lovers. We programme internationally acclaimed exhibitions all year round and hold the country's largest Photography Library. Our production facilities include Scotland's largest open access darkrooms and state-of-the-art digital labs, and we run a hugely popular programme of artist-led courses, covering everything from sound and film editing, to Photoshop and street photography. Our work isn't restricted to the centre, we also have an active creative learning programme, which brings photography to communities that face barriers to the arts.

Corporate Support

As a corporate supporter you will directly support Stills' work and receive lots of benefits to inspire and reward your clients and employees.
